

# J3 Home Study Menu

Name: \_\_\_\_\_ Check In Nov. 9 Final Due Date Nov. 17

In addition to the **20 minutes of daily reading**, to successfully complete your home study, you need to:

- **Choose a minimum of 6 out of the 12 activities from below, 2 activities from each column.**
- **Bring your Menu and Journal in each Monday so your teacher can check in on your progress.**
- **Use your Thought Book to record your work. Complete the tasks by the due date.**  
**\*\*\*Parents, please sign or initial** the activity boxes your child completed. Please remember that the UNIS home study policy limits homework to 45 minutes a night, including language group work and reading time.

<b>Mathematics</b> Choose 2 activities from this list.	<b>Literacy</b> Choose 2 activities from this list.	<b>Inquiry</b> Choose 2 activities from this list.
Use each set of numbers to write a story problem. You can add additional numbers if you need to. Set #1: 142, 50, 92 Set #2: 25, 50, 34, 109 Set #3: 40, 38, 27	Practice reading aloud to build your fluency skills. Be sure to pay attention to punctuation to help you to be more expressive and bring your reading alive!	Have some playtime with your grown-up. Some suggestions: play a board game, go for a walk, build legos together, play on the swing set, etc. Add your favorite together time activity to the list!
Do your "Math scales!" Practice your Math addition cards. Your goal is to know them all like you know your name!  Use the cards to play a game with a grown-up or friend.	Read a book to (or together with) a member of your family. Retell what you read. Be sure to include characters, setting, plot, and problem.	Use the <i>Feel, Imagine, Do, Share</i> model to solve a problem at home/in your life. Write about your process in your thought book. Can you include others in the process? Share your action with others!
The magic number is <b>259</b> Make a list of all the different ways you can add two or three numbers together to get to 135.	You are the character in a story! Write about a happy time in your life. Where are you? What did you do? Who was with you? Remember to include a picture.	Using your interests, skills, and talents, do one thing today to make the world better. Can you persuade someone else to do something, too?
Design a menu for a new restaurant. What will you serve and how much will it cost? Decide what your family would order and create a bill for the items. Remember to total the bill! (Did you know that some people only have \$1 a day to buy food?)	Look for examples of persuasion. What do you notice? What is the creator trying to convince you to do, think, or feel? How are they doing it? Does it work?	<b>EXPRESS GRATITUDE!</b> For what are you grateful today? Share your gratitude with those around you. Remember: the more you focus on giving thanks, the more good you will see and feel.
